The following is an official account of the occurrence: "About 7 o'clock last evening an explosion occurred in the basement of the Imperial Winter Palace, under the principal guard-room, by which eight soldiers of the Finland regiment of guard then on duty were killed and forty-five were injured, and the flooring of the guard-room and the gas pipes were badly damaged. An official inquiry into the cause of the explosion is now proceeding."

GALVESTON, Feb. 18.—A *News* special from Dallas says, "in the Colored Convention yesterday, several additional counties were represented. The Convention received and considered a report of the Committee on the Constitution and by-laws which forms a body into the Texas Farmer's Association. A colony is to be established in Pan Handle, with capital stock of one hundred thousand shares at \$25 each.

A committee was appointed to visit Pan Handle and secure land for the colony. Session yesterday was characterized by great confusion."

**Poindexter Taken to Prison.**

RICHMOND, Feb. 17.—John E. Poindexter was carried to the penitentiary this afternoon in a closed carriage, with the deputy city sergeant, accompanied by two of his brothers. The sergeant followed in the rear with Angela Bacchigopol, under sentence of eight years for attempting to kidnap his wife, whom he had been married but a few weeks. When near the penitentiary Bacchigopol jumped out of the buggy, and, being unbuttoned, fled. In attempting to escape he jumped into the canal. The sergeant pursued, but fell and broke his leg, going to the hospital so that he could not escape; the prisoner was returned to the officer and surrendered, and was taken to the State prison and safely incarcerated. During the pursuit of Bacchigopol, it is stated, Poindexter urged the officer in charge of him to join him, so that he would remain with his brothers. The officer was not accepted and Poindexter was carried to the penitentiary, where he was consigned to pro-pr officers. Owing to the lateness of the hour the uniform which Poindexter seeks to be exempted from wearing was not put on him.

**WILLIAM H. TWEED, JR. SUED.**

William Edelstein Wants \$12,000 for Counsel Fees—The Defendant's Denial.

A suit has been commenced by William Edelstein against William M. Tweed, Jr. In his complaint Mr. Edelstein sets forth that in 1871 was receiver of the Commonwealth Fire Insurance Company, and that Edelstein, in his capacity as receiver, the court fixed the counsel fees at \$15,000; that Tweed required Edelstein to give him receipts for this amount, and then paid him \$3,000, and that in 1875 the plaintiff advanced \$500 to one L. D. Blanchard, which was promised to be repaid when the suit was filed, but was not called to the attention of the court. Former decision affirmed. Petition to rehear dismissed.

Mr. Cox, in behalf of the committee, objected.

Mr. Whitelaw, of Tennessee, said Mr. Acklen had intimated that he had other proofs which would tend to relieve him from any imputation of a criminal or of an intentional disrespect to the House, and from any intentional wrong doing in the matter, and that he was entitled to have those proofs heard.

After long discussion as to propriety of recommitting the report and investigation to the Committee on Foreign Affairs for further action against the defendant, the committee voted that the report be referred to the House, and that the House should take no action on the report.

The quiet of our town has not been disturbed in the least by the ringing of any fire-bell for a long while which the people may rejoice at, when the great fire of 1872 has been well soon celebrated in the vicinity.

We are inclined to attribute the many marriages that have taken place in Granville county to the extra fine prices the fine-cut tobacco obtained in that county.

It is sincerely thought that if the enterprise in this regard can be started here there would be a general uprising of the county on the marriage question.

# DAILY NEWS

THURSDAY FEBRUARY 19, 1880.

GEO. C. JORDAN, Editor and Prop'r.

GOV. CORNELL, of New York has signed the school trustee bill, by which the women of the Empire State are made eligible to election as trustees, and may also have a voice in the selection of those officers.

THESE politicians who go into the next campaign should prepare themselves to meet the first great demand of the people:—An enterprising, vigorous and comprehensive free-school system and a liberal fund for its support.

THE great fight in this country against the encroachments of overshadowing corporations will take place during the next four years. The Governor of North Carolina should be a man equal to such emergency.

OSTENSIBLY upon his own statement, Mr. Elihu B. Washburne is out of the race as a Presidential candidate this year. It is alleged that he has authorized the Chicago *Inter-Ocean* so to declare. Those who are familiar with the ways of politicians will take this out-giving with more than one grain of salt. The ladies say "no" sometimes when they only want a little more importunity urging to say "yes." Mr. Washburne may still be regarded as a dark horse—at least until after the Chicago Convention.

**BEAUFORT AND MOREHEAD CITY.** The erection of a fine large hotel building at Morehead City is an important step, of more significance to Beaufort harbor than anything which has transpired since the building of the railroad twenty-five years ago. It will attract among the visitors to that sea-side resort, persons from abroad who otherwise would never have heard of the magnificent advantages and facilities of the place as a port, and be the means thereby of enlisting energy and capital in the upbuilding of a commercial city there. On account of the proximity of the Gulf Stream, some forty miles, the climate is so admirable throughout all seasons of the year, that Morehead City, with good hotel accommodations, must become a popular winter resort for Northern people.

The success of the hotel at Morehead will lead to the building of a finer and larger one on the Beaufort side of the Sound, and thus, in a few years, there will be four or five good hotels at Morehead and Beaufort, and both together constituting one of the largest seaside resorts on the Atlantic coast. It was a good thing to have located the first good hotel building on the railroad side of the Sound, and our Beaufort friends should not regret it. Doubtless in two or three years they will have cause to rejoice at it, and also to thank the storm of last Fall a blessing in disguise, so far as their material interests are concerned.

**PROGRESS IN EASTERN CAROLINA.** We understand that at Havelock, the New Holland City of North Carolina, the Atlantic and North Carolina Railroad authorities have determined to erect a large warehouse and depot buildings, telegraph office, etc., for the accommodation of the Michigan colony of Hollander establishing itself there. We have observed with great satisfaction the intelligent liberality of this railroad management. It gives to actual settlers along its line free transportation for themselves and personal property for a year; it has encouraged the building of the fine hotel at Beaufort Harbor, which must be a source of great revenue to the road, by transporting the materials and workmen free of charge, and in every way possible fastens and encourages the development of the country through which it passes, and by energetic efforts and liberal arrangements has secured a good through freighting business and good ocean steamship connections at Beaufort. We also learn that rice culture and the raising of early vegetables for the Northern and Eastern markets have developed into important and profitable industries along the line of the Atlantic road; that some of the Norfolk truckers are even locating there. The colony of Hollander establishing at Havelock, half way between New Bern and Morehead are preparing to go extensively into all branches of farm industry and manufacturing, and a large immigration from Holland, direct, is among the pleasing probabilities for Eastern Carolina.

**OUR RAILROADS AND COMMERCIAL CENTRES.**

The rapid development and enhanced value of Southern Railroad property are as certain and inevitable as anything can be, and that which will be found the most valuable consists of those lines which tend to the Southern Seacoast, rather than those which point North and South, across our State for example. When Asheville shall have become, as she must in the near future, a great railroad centre, there will be no more valuable railroad property in the country than the Carolina Central Railway, pushed through to a connection with Asheville. In view of the foreshadowed completion of lines Northwest to Tennessee and Southwest to the Georgia line, from Asheville, the connection of the Spartanburg and Asheville and the completion of the line of the Western North Carolina Railroad from Salisbury, it is a matter of the highest importance to the city of Wilmington and to the Carolina Central Railway, that the latter be extended through Rutherford and the Reedy Patch Gap, as originally designed by the projectors of the old Wilmington, Charlotte and Rutherford Railroad. This line would place Wilmington within about the same distance of Cincinnati as Charlotte is by the Spartanburg and Asheville line, and made many decided advantages in favor of the Wilmington route.

**CALLING THE LEGISLATURE.** It is given out by official authority, and semi-officially announced by the poor relations of the State administration, that the Legislature will certainly be convened in extraordinary session early in March.

The object is, of course, the sale of

the Western North Carolina Railroad property, and the proposition of Mr. Best on which the Governor and his advisers act. The Treasurer has been in New York to ascertain if the men behind Mr. Best are responsible and reliable, and returns fully satisfied. It is also said that Mr. Best visited Wilmington last week and "fixed" the opposition to his scheme in that city. The friends of the proposition for selling, and the proposed buyers, etc., now have, apparently, as they think, plain sailing before them.

The proposed terms of sale, stripped of all superlative, are:—The State is to have \$50,000 in mortgage bonds of the new Company for the road, and give to the purchasers 500 able-bodied convicts for five years; and they are to complete the road to Paint Rock in 1881 and to Ducktown in 1885. The guarantees are matters of tedious detail. In case the purchasers fail to carry out their part of the contract the State re-enters upon the work as she left it, free from all liabilities or debts other than those now upon it; and if they fail to make good their proposition on its acceptance by the Legislature, a special deposit made in the Citizens' National Bank, re-inburses the State for calling the Legislature. They also assume the mortgage debt of \$50,000, and pay interest on the same from the date the Legislature ratifies the act of sale.

Politicians are keenly alive to the subject, and according as the cat jumps he may make or unmake public men and parties. No matter of greater public interest has occupied the attention of our people for a long time, and the short session of the General Assembly will not be a dull or uneventful one.

In the treatment of Dyspepsia, Cholera, Anemia, Nervous and Muscular Debility, Nervous and Sick Headache, Dysentery, Menorrhagia, Amenorrhea, diseases of the Kidneys and Bladder and such like organic or functional disturbances, I know of no remedy upon which I can rely with more certainty of satisfactory results than the "Seven Springs Mass."

W. F. BARR, M. D., Abingdon, Va.

I have found no single remedy to yield such satisfactory results as the "Seven Springs Mass." It cures the disease of Dyspepsia, Chronic Diarrhea, Anemia, Chlorosis, and for Chronic Eczema, I find it invaluable, associated with appropriate topical treatment.

GEO. T. HARRISON, M. D., New York City.

From my experience with the "Iron and Alum Mass," I believe it will prove the best medicine we have in use, for chronic diseases.

G. M. D. PATTERSON, M. D., Eaglewood, Fla.

For Dyspepsia, Ulcerations of the Throat, Induration of the Neck of the Bladder, Leucorrhœa, etc., the "Seven Springs Mass" seems to act with almost specific effect.

E. O. GRIESEY, DeView, Ark.

We could extend this list into the thousands with such testimonials from physicians from every State in the Union, but these are sufficient to indicate its application. The reputation of the Seven Springs is too widely known to waste words upon its character. In looking for druggists always mention Seven Springs Mass. Price \$1 per package or six for \$5, sent by mail, postpaid.

A **Downtown Merchant.** Having passed through a sleepless night, disturbed by the aches and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating what steps to take, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. At night all hands slept well, and the child was awake the morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practiced upon her, continued to use the Syrup, and after crying babies and restless nights, the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists at 25 cents a bottle.

Prentiss, of Toledo, Ohio, to Paris, and he was engaged to treat the Bright's disease, and after the best physicians of both countries had done what they could for him, gave up in despair and returned to America to die. Here he received further treatment from other skillful physicians without benefit, and finally died, lingering in pain and anguish." —Attend the festival at Metropolitan hall to-night.  
—Yesterday's revenue receipts amounted to \$2,699.65.

—Col. Wharton J. Green is registered at the Yarbo.

—One marriage license issued yesterday.  
—The grand jury of Wake Superior Court re-assembled yesterday.

—The Piedmont Guano Company yesterday took out a fertilizer license.  
—Only civil cases occupied the official attention of the Justices of the Peace yesterday.

—Miss R. Rountree has a letter addressed her head at the postoffice, insufficiently stamped.

—Go vote for your physician at Metropolitan hall to-night, and have him secure the afghan.

—J. Fernberger, Wilmington, and R. F. Williams & Co., Richmond, yesterday took out drummers' licenses.

—Two hundred and twenty-nine thousand, seven hundred and seventy-nine valentines were delivered by mail carriers in New York Saturday.

—Governor Jarvis will go up to King's Mountain in a few days to attend the celebration. Governors Colquitt and Simpson are also expected to be present.

—One of our young barristers left for Greensboro yesterday afternoon. It is said he will not return to-day, but will be accompanied by a life partner.

—Senator Vance's affection of the throat that has troubled him considerably the past winter, has been almost entirely cured.

—The Mayor had two delinquents before him yesterday, but owing to the absence of witnesses, their cases were continued over until to-day.

—Over seventeen thousand citizens of this great and glorious country presented some invention last year; and yet no one has patented the art of growing poor—that is patent to all.

—It was whispered last night that the Governor's proclamation convening the Legislature had been written and would be ready for publication to-day. We could learn nothing definite about the matter, however.

—The ladies of the Edenton Street Methodist Church gave their first entertainment last evening. A very good crowd, notwithstanding the inclemency of the weather, was present. It will be continued to-night.

—The ladies of Edenton Street Methodist Church were busy yesterday decorating Metropolitan for their festival which commenced last evening. The entertainment will be continued to-night and to-morrow night. You are insured a good time if you attend.

—Nearly 300,000,000 postal cards were used in the United States last year. They are made at Holyoke, Mass., by a private company under the supervision of a government officer. The work is nearly all done by machinery, even to counting and putting them up in packages of twenty-five. The use of postal cards is said to have driven many makers of writing paper and envelopes out of business.

—Remember that to-night Mr. Lincke gives the receipts of his entertainment to the Irish sufferers. He has bilateral tables, a ten-pen alley, gymnasium, shooting gallery and various other sources of amusement where you can have a good time, and while occupying yourself at the same time contribute to a most benevolent object. By all means attend, and spend your money according to the size of your purse.

—More Convicts. The sheriff of Forsyth county, Mr. A. Foyle, has delivered the following convicts: Michael Cobb, five years; Andrew Tries, one and a half years; Nat Wall, one year; Page Hamlin, five years. All colored.

—Installation of officers. At the regular convention of Raleigh Chapter No. 10, held Tuesday evening last, the following officers, elected for the ensuing year, were installed:

M. H. P.; D. W. Bain.  
King; J. C. L. Harris.  
Scribe: William Simpson.  
C. H. R. Bradley.  
R. S. H. W. Beck.  
M. of 1st V.: J. W. Cole.  
M. of 2nd V.: W. P. Wetherell.  
M. of 3rd V.: Chas. Wallin.  
Treas: M. Gransman.  
Secretary: T. W. Blake.

—The Fire Yesterday. The residence of a Mr. Clancy, a milkman, who resided near the Federal Cemetery, was yesterday burned to the ground. The chimney was very little of his household property. He could not learn how the fire originated; when first seen the roof was burning near the chimney. The inference is that it was caused by a defective flue. The house burned rapidly, it being twenty minutes from the time it caught before it was entirely consumed.

—More Cash for the Sufferers. Mr. Doyle yesterday collected \$20 additional for the relief of the Irish sufferers, as follows:

F. Linehan, 5.00; Daniel Coogan, 5.00; James O'Brien, 2.00; R. P. Kelly, 1.00; cash 2.00, total 20.00. From sale of pigs donated 6.00, previous collections 134.25. Making a total of 160.25 collected by Mr. Doyle to date. None of the other committee men yet heard from.

—The Legislature to be Called.

It is pretty generally understood now, that the Governor is to convene the Legislature at an early day, for the purpose of—but everybody knows what for; besides we make this announcement principally for the benefit of our faraway subscribers who raise peanuts. If you have any on hand, keep them a week or two, and when the proclamation convening the General Assembly is published, sack 'em up and bring them to Raleigh. You will find a ready market and good prices offered for them, for the assembling of this body the goober trade will look up.

## Wake Superior Court.

Court met at 10 o'clock yesterday, Justice J. C. Gardner presiding. The following cases were tried:

Hilliard Bell et al. vs. Lynn Adams; judgment for the plaintiffs, the master of rents and improvements to be referred; defendant to pay all costs up to and including attorney fees.

Wesley Boom and wife vs. John N. Bunting et al.; judgment for plaintiffs.

W. H. Burroughs vs. W. L. Goodwin; continued by consent.

W. H. Burroughs vs. Joseph Goodwin; continued by consent.

The criminal docket having been set for Monday, 23d instant, the civil cases on the calendar for that day are put at the end of the year's calendar.

The grand jury was again in session and returned a number of bills.

## Supreme Court.

Court opened at 10 o'clock yesterday morning. All the justices were present.

The consideration of appeals from the Sixth Judicial District was resumed, and causes were disposed of as follows:

**EARLY LOST, EARLY SAVED.**

BY GEO. W. BETHUNE.

Within her downy cradle, there lay a little child, who slept like a baby. When a little hovering angels unseen little smiled; When a strife arose among them, a loving strife, Which should yield the richest blessing over the newborn life, One breathed upon her features, and the babe in beauty grew, With a cheek like morning's blushes, and an eye of azure hue; Till ever one who saw her was thankful for the sight Of a face so sweet and radiant with every fresh delight.

Another brought from heaven a clear and gentle mind, And within the lovely caske the precious gem enshrin'd, Till all who knew her wondered that she should be so good As to bless with such a spirit a world so cold and rude.

Then outspake another angel, nobler, brighter than the rest; As with strong arm, but tender, he caught her to his breast: "Ye have made her all too lovely for a child of mortal race, But no shade of human sorrow shall darken o'er her face."

Another brought from heaven a clear and gentle mind, And within the lovely caske the precious gem enshrin'd, Till all who knew her wondered that she should be so good As to bless with such a spirit a world so cold and rude.
